DANIEL MIRIAM
PRIMARY EXAMINER

Reasons for allowance

1. Claims 1,3-9 and 12-26 are allowed. The claims will be renumbered as 1-23.
2. The following is an examiner's statement of reasons for allowance: as applicants properly point out, starting on page 10 of the remarks filed May 3, 2005, that the primary references to Huang and Landemeyer neither anticipate nor render obvious the claimed invention. Specifically (Huang, Landemeyer, and Perez), do not teach the amended limitation, i.e., converting the input via a Fourier transform of the input to produce a transformed input, and filtering the transformed input using non-linear filtering, incorporated into independent claims 1, 9, and 17.

Hence, and in view of applicants' amendment, argument, and in combination with all of the other elements of the claims, the anticipatory and obviousness rejection thereof to independent claims 1, 9, and 17 is withdrawn, making independent claims 1, 9, and 17 allowable. Also, since claims 3-8 and 12-26 further restrict these independent claims, they are allowable also.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
